We meet on the street
You introduce her to me
And my heart sinks inside
As I say to her it's nice to meet you.
You call me an old friend
Guess that's the way you look at it.
Just like nothing ever happened.

Like nothing ever happened
Between you and me
You forget easily
Like nothing ever happened
There's no look in your eyes
No feelings to hide

Here I am falling apart
Forcing a smile while there you are
Acting like nothing ever happened

I think about the times
I lay by your side
You held me in your arms
You said to me, "I'll always love you."
Now here we stand
Her hand in your hand
Just like nothing ever happened.

Like nothing ever happened
Between you and me
You forget easily
Like nothing ever happened
There's no look in your eyes
No feelings to hide

Here I am falling apart
Forcing a smile while there you are
Acting like nothing ever happened

Here I am falling apart forcing a smile
While there you are
Walking away like nothing ever happened.

Ooooh Oooohhh Oooohh
