Some words are written
Just for the sake of the rhyme
They're not from the heart
But from the mind
But you can be sure
That this love I give to you
Is coming straight from my heart

Straight from my heart
Straight from my heart
This love will last forever
Cause time cannot erase a love
That's straight from my heart

What is shared in a moment
Some live a lifetime without
You've taught me what love is all about
No matter where you go
There's always one thing you should know
This love is straight from my heart

Straight from my heart
Straight from my heart
This love will last forever
Cause time cannot erase a love
That's straight from my heart

This love will last forever
Cause time cannot erase a love
That's straight from my heart
