You think everybody's watching
As you pull up in your black Seville
Every hair in place
You think that you got taste
Tiered and dressed to kill
I'd have to tell you
That you are the greatest
That you need that all the time
Give yourself a hand
You're a self made man
A legend in your own mind

I catch you looking in the mirror
Polishing up your smile
You turn your gaze to me
Like I could fall at your feet
Well honey that's not my style

I think you really think you're somebody
And you're tucked in Calvin Klein
Go out and take a bow
You're gonna anyhow
You're a legend in your own mind

You're a legend in your own mind
I fell for you once but I must have been blind
Legend in your own mind
I'm not gonna be the next fool in line
Ain't gonna work this time
You're just a legend in your own mind

You got a real smooth way of talking
You make a lie sound better than the truth
And you laugh the most at your own jokes
Thinking everybody laughs with you

I really hate to burst your ??
But I've seen your act a thousand times
You say you're beautiful you'll never change
You're a legend in your own mind

You're a legend in your own mind
I fell for you once but I must have been blind
Legend in your own mind
I'm not gonna be the next fool in line
Ain't gonna work this time
You're just a legend in your own mind

You're a legend in your own mind
I fell for you once but I must have been blind
Legend in your own mind
I'm not gonna be the next fool in line
Ain't gonna work this time
You're just a legend in your own mind
