Get ready to- make a stand

Get ready to- make a move

Cause if- we don't- fuckin'- do it

THEN NO ONE'S GOING TO! NO!

Have you seen the scene on the street?

Do you care wat's- goin on?

Thousands - homeless - in the Land of the Free

BUT NO ONE SEEMS TO THINK IT'S WRONG!

That's why we fuckin' wrote this song

*Take to the streets- cause it's time to make a stand

we're not gonna back down!(WERE TALKING...) Culture
Revolution!

this ship is sinking its time we set it right*

When the standards of - society

Are based - soley on greed

Humanity - compassion - do not define

WHAT IT MEANS TO SUCCEED! NO!

For the poor - contemt and hate

from the rich - middle class, the state

Compassion - dumped for - apathy

THE GREATEST NATION EVER SEEN!

Thats fuckin' real hard to believe...

CHORUS

Socialized - Socialized, mechanized - mechanized

to consume... everything in the world

Saturate - Saturate, acclumate - acclumate

your happiness... can be brought and be sold

Environment - Environment, -detriment - detriment

Is not... an issue of concern

Humanity - Humanity, or this insanity - insanity

The choice is yours, and your choice alone

But you wont be alone

No, you wont be alone... YEAH!

CHORUS

Revolution! On the street! In your head! Move
