State officials talk of freedom THEY-TALK

In this country that we live in THEY-TALK

Free to be harassed and be beaten by the pigs YOUR
RIGHTS-NO RIGHTS

Till your fucking broken, crippled, or until you're
fucking dead

They pass laws unfair to gays THEIR-WORK

And separatist laws to keep the non-whites in their
place THEIR-WORK

Family values as a smoke screen blowing in your face
THEIR TRUTH-NO TRUTH

Family values isn't something that shouldn't be based
on hate

Justice presides over them, late into the night

A blind fold covering their eyes but something isn't
right...

Under their arms there are shackles on her legs

And the hands that once held up her scales are bound,
are bound in chains

And behind their closed doors they conspire through
the night MORE WORK-SICK

WORK

And they won't stop until this nation is all straight and
all white

They call it a free nation, but all it is, is a nazi nation
