A bunch of punks hangin' out on the streets before a show.

Patty wagon pulls up -instinct- 'Run man, let's just go!'

Cop chases them through the streets and then they go inside

They run into a show where maybe they can hide

FUCK POLICE BRUTALITY

He hides just standing in the crowd

there's nowhere he can run

The cop comes up behind him and he cracks him with a gun.

Drags his bloody ass outside and throws him to the ground.

'There's no where left to take you boy, you're already downtown.'

FUCK POLICE BRUTALITY

But the cops can do no wrong.

They can kill, they can rape, they can do what they want,

But the cops can do no wrong.

We've got to fight, take back the night,

the cops are just like Hitler's Third Reich,

do what they want.

Who do we fear? Who do we trust? How do we know
