Why don't you come over here and see what you've
created

It'll make you laugh so hard you'll cry

And lookin' into the black you make me so far past sick

Lookin' into your eyes I wish you'd die

No more dead (2x)

Well I've seen the crosses burnt and holy

And the people they all come down they're screaming

"Hey man, it's a fix!"

And I looked into the cause in which, you were striving
towards

And I thought, thought of the wasted, the wasted
youth..

No more dead (2x)

He's lying all alone His life is stolen, yes it's gone

Into the black of the night can't you see it was no fault
of his own

Trapped in a slum, bred into a slum, Killing his own
instead

of rich white men

And he's never gonna escape from it now,

Because it's over, and he's dead

The end
