"Tearing Everyone Down"

I thought id begun to see a change

but the more things change the more they stay the same

back stabin' and name calling the trademarks of your acts

you talk and you talk of unity but divide with your attacks

"i d like to see a change, i d like to see a change,i d like to see a change

but im to busy tearing everyone down....."

all us kids we try to make a change

some kids start a band ,others start a zine

YOU, no matter what your path

you throw a curve in what could be achieved

then you give up and move onto some other thing

chorus

take a break

from your fights

try to open up your mind tonight

when you feel

thats completethen we can tackle this society!

you may not like

everything in life i do...

but that doesnt mean
im not trying to change
the same problems as you
chorus
