It's on the radio, it's on the TV news

Conservatives and liberals, with ever clashing views

But as the days go by I can't tell which side is talking

Their left is in the center, and labeled "Liberal
Doctrine"

Chorus

They do nothing for youâ€¦!

They do nothing for meâ€¦!

NO! They give us nothing to believe

Watch your right

Watch your left

Watch the right

Watch the center

AND WATCH YOUR BACK!

Let the Feds pass a law, that takes your rights away

'Cause, "You gotta sacrifice if you want to stay safe!"

Till the day you find the Feds in your back pocket

Locking you away for saying "Question", "Think", or
"Stop It"

Chorus

Joseph McCarthy and Reagan, set the mother fuckin'
stage

For the right leanings that now grip the USA

They framed and jailed the Reds- lost the keys to the cell

Set up the Capitalist Machine to go in for the killâ€¦
yeahâ€¦ yeahâ€¦ yeahâ€¦

Social divisions - encouraged by the few- FEW!

Those few in power - suckerin' suckers like you- YOU!

As corporate welfare, flows from troughs of the state-
STATE!

Yeah big business, takes more than their fair take-
TAKE!

But in the end it is suckers like you- YOU!

Who buy that the poor, are givin' you the screw-
SCREW!

Don't you realize that it's just talk, talk, talk, talkin'â€¦

Like tax men at your door, fuckin knockin' knockin'
knockin'

Chorus
