You think you're oh so
different
Well, you'd do the same as
me, yeah
You're just a hypocrite
When you make fun of me
You'd do the same
You'd do the same You'd do the same You'd do the
same
Well, you've done it now
You've blown your ride
Wasting your time
Is all your time
You'd do the same You'd do the same You'd do the
same You'd do the same
Don't look down
You'd do the same Don't look down You'd do the same
Don't look down
You'd do the same You'd do the same You'd do the
same You'd do the same
