### "You've Got To Die For The Government"

You've gotta die, gotta die, gotta die for your  
government?  
Die for your country? That's shit!  
There's a gulf war vet, dying a slow cold death  
And the government says, "We don't know the source  
of  
his sickness."  
But don't believe what they say, because your  
government is lying  
They've done it before and don'y you know they'll do it  
again  
A secret test, government built virus  
"Subject Test Group: Gulf Battle Field Troups"  
You gotta die, gotta die, gotta die for your  
government?  
Die for your country? That's shit!  
First World War Veterans slaughtered by General  
Eisnehower  
You give them your life, they give you a stab in the  
back  
Radiation, agent orange, tested on U.S. soles  
Guinea pigs for Western corporations  
I never have, I never will.  
Pledge allegiance to their flag  
You're getting used, you'll end up dead!  
You gotta die, gotta die, gotta die for your  
government?  
Die for your country? That's shit!  
I don't need you to tell me what to do  
And I don't need you to tell me what to be...FUCK  
YOU!!!!  
I don't need you to tell me what to say  
And I don't need you to tell me what to think! What to  
think!  
What to think, what to think, what to think, think, think,  
think!  
You gotta die, gotta die, gotta die for your  
government?  
Die for your country? That's shit!
