You are good for me
I wanna be
here with you forever
I just wanna keep you by my side
Don't be a fool
Just stay cool, let us stay together
Good times keep us hanging on

You are good for me
I wanna be
here with you forever
I just wanna keep you by my side
Don't be a fool
Just stay cool, let us stay together
Good times keep us hanging on

This is without a doubter and toughest challenge
We'll be the best we ever had
This is without a doubter and toughest challenge
We'll be the best we ever had
This is without a doubter and toughest challenge
We'll be the best we ever had
the best we ever had
best we ever had

Upside down
Inside out
Upside down
Inside out
Upside down
Inside out

You are good for me
I wanna be
here with you forever
I just wanna keep you by my side
Don't be a fool
Just stay cool, let us stay together
Good times keep us hanging on

You are good for me

I wanna be
here with you forever
I just wanna keep you by my side
Don't be a fool
Just stay cool, let us stay together
Good times keep us hanging on

You are good for me
I wanna be
here with you forever
I just wanna keep you by my side
Don't be a fool
Just stay cool, let us stay together
Good times keep us hanging on

You are good for me
I wanna be
here with you forever
I just wanna keep you by my side
Don't be a fool
Just stay cool, let us stay together
Good times keep us hanging on
