Right here all by myself

I ain't got no one else

This situation is bleeding me

There ain't no release

For a person like me

Depression's got a hold of me

Depression I gotta break free

Depression's got a hold of me

Depression's gonna kill me

I don't got no friends to call my own

I just stay in here all alone

There's no girls that want

To touch me

I don't need your fuckin' sympathy

Chorus

So everybody just stay away

I'm gonna boil over inside today

One of these days

Things will get better

All i know is jesus christ they better
