Please, just deliver me peace  
And a chance to stay  
It ain't even closure  
I need it for recovery

Well I sink in the water  
I cry at the alter  
I bleed for a minute to say

That he won't bring you summer  
Like the way I will  
And he won't make you shiver  
Like the way I will  
And he won't love your mother  
Like the way I will  
And he won't last forever  
Like the way I will

God, if I'd only had thought  
That she'd wear my name  
Shame, how you look when you fell  
And babe, I look that way

Well you say that we're over  
There's nothin' to show for  
The years you spent tryin' to say

That she won't bring me summer  
Like the way you will  
And she won't make me shiver  
Like the way you will  
And she won't love my mother  
Like the way you will  
And she won't last forever  
Like the way you will

Please, just a minute  
Now please, just a second  
Now please, just a moment to say

That he won't bring you summer

Like the way I will  
And he won't make you shiver  
Like the way I will  
And he won't love your mother  
Like the way I will  
And he won't last forever  
Like the way I will

No he won't bring you summer  
Like the way I will  
And he won't make you shiver  
Like the way I will  
And he won't love your mother  
Like the way I will  
And he won't last forever  
Like the way I will
