You saw me climbing out the windowâ€¦
You saw me climbing up the walls!
And I believe it 'cos You say soâ€¦
Who got the meaning of it all?
I think I'm choking' on a wishbone
Of all the things I never got.
And I believe it 'cos You say soâ€¦
You got the meaning of it all

Yeah! Who got the meaning of it all?
Who got the meaning of it all?
You got the meaning of it all!

You hear us screamin' from the rooftopsâ€¦
You see us walking in Your door.
We don't know what it is to "make it"â€¦
But we think You've got something more.
Everybody's on their own now,
Nobody's fixing all the wrong.
And I believe it 'cos you say so.
You got the meaning of it all.
