Never in my life have you ever let me down.
Have I ever told you how I'd like to leave this town?
Would you cover me if I said I was leaving tonight?
It's the time of my life!

If you're down the tracks, I'll ride the train.
If you're in the sky, I'll fly a plane.
If my hope is gone and I could die,
I'll let you be strong and be a rainbow glowing in my
sky.

If the snow is cold and it brings me to the ground,
Would you pick me up and in, no matter who's around?
Would you laugh with me if I said I'd rather cry?
It's the time of my life!
