Children's laughter everywhere
Santa's on his way
Stockings hanging on the wall
Ready for Christmas Day
Fire's burning all aglow
To warm us from the cold
Families gather young and old
To hear the story told

Oh, we're having a Rainbow Christmas
Filled with colors of Love
Hear the Angels sing
The message from above

'Tis the season of good cheer
For all of us to share
Keep the Spirit of Christmas alive
Each and every year

Hoping for the snow to fall
To have a perfect day
Make the Snowman standing tall
To greet us on the way
Visit friends so dear to us
Spread the Christmas joy
Help to trim the Christmas tree
And give the kids their toys

Oh, we're having a Rainbow Christmas
Filled with colors of Love
Hear the Angels sing
The message from above

'Tis the season of good cheer
For all of us to share
Keep the Spirit of Christmas alive
Each and every year
