Call me by my astral name  
Breeding fear through wordless tounge  
Heavenly thirst - unspeakable pain  
Emptied from all human motion  
Confront the faceless wrath  
Beckoning silent from a sphere behind space  
Through twisted ruins of uncompleted dreams  
Sights of towers reaching for the moon  
Clawing at the skies - they gonna pull it down  
Intensity - I feel the lava rushing through my veins  
Stars are reforming - to enter the fourth dimension  
Beyond all galaxies  
through timeless eaons of frost  
Unearthly hunger - angels descent  
We are entering dimensions behind space ...  
Beyond all galaxies  
through timeless eaons of frost
