For all the times you left me bleeding  
Clouded, weekend by the haze  
Cut of my pride, enough to forgive  
Reconcile, back to square nothing  
It seems I lost my direction  
Don't have the strenght to let it slip  
Have no desire for the shore  
Just let me play here for some time  
Is this how I want to spend my days?  
Shadowed, it fears me, my utopia  
Try to find some peace to destroy  
These are my sins, I'm heading to fall  
Never understood though I accepted  
All the weakness that I discover  
You gave me a place to hide and lost the key  
Drowend my head just to see it sink (to the bottom)  
Spent some quality time with the demon of mine  
He said "I like the way you struggle but you know I'm gonna win"  
Spent some quality time with my borrowed smile  
The gleam is replaced, rip me open and erase me
