As we build a brand new planet

Lets reconstruct and get it straight

Unlock forgotten skills

Travel to a new dimension

Souls from the dark seduction

(Take heed), we are the new invention

We're the settlers of year zero

Lets reconstruct and take it back

Leaders of our time

Heading for a downfall

The threshold of revolution

(Take heed)The last freedom call

Blanked out fire etched on the chrystal display

The sees are deep

You better swim

Don't go numb

Collect the word, add some gold and give it back

The sees are deep

You better swim

Don't go numb

From a thousand branches

Spreading the new voice

As we're heading for the throne

Connect, evolution will begin
