The Quiet Place

It's spanning, further deeper

I know you're out to try me

im not in this to be your slave

push the dirt, make me feel

now came what full of life now part trough in my own
world!

then I close my eyes (and then I close my eyes!)

touch me now

used to be afraid to let it show, bow down!

a king in my own mind

everything's in place

so much better from today

drown the monsters

make all bad dreams go away

whatever takes to keep running free

what is worst?

the quiet place

or the bridges fall to the ground

you say you sacrificed

then I close my eyes (and then I close my eyes!)

touch me now

used to be the faith to let it show, bow down!

a king in my own mind

everything's in place

so much better from today

(touch me now)

the king in my own life!!!

(touch me now)

the king in my own life

touch me now

used to be the faith to let it show, bow down!

a king in my own mind

everything's in place

so much better from today

a king in my own mind..
