Consume all the obscene

Persuade the most hideous and ugly

Under every pile and stone

A rebirth, for you to find

Freedom is to be able

To go in any direction

So take the uncertain path

[Pre-Chorus:]

One foot in the open

Ten feet ahead

Build your own ladder

And don't lie to yourself

[Chorus:]

Secrets left above the grave (It's not for one to keep)

You're all so self destructive

Spend more time with the broken (see what became of  
their mistake)

You know you're lost when you feel transparent

[Verse:]

Be at one with the wind

Even if it's a struggle

Make this your priority

Open all your senses

To new impressions

Act like all that was has vanished

[Pre-Chorus:]

One foot in the open

Ten feet ahead

Build your own ladder

And don't lie to yourself

[Chorus:]

Secrets left above the grave (It's not for one to keep)

You're all so self destructive

Spend more time with the broken (see what became of  
their mistake)

You know you're lost when you feel transparent

You know you're lost

You know you're lost

You know you're lost when you feel transparent
