[CHORUS 2x]
Shawty gone and hop in my ride
I'm talking bout that futuristic love are you wit it
I think I wanna Elroy you (ooo girl)
So come sex me
With that stupid fruity swag tell me what it's gone be

It's Young Elroy
What's up Babydoll
I love your slim waist & long hair barbie doll
I can be your Ken
Your homie, lover, friend
Candle lit ooo baby we can get it in
Futuristic loving
R & B thuggin
Looking in the mirror
Even hit the dougie
Left hand behind my head
I'm tryna rock the bed
Elroy ya then fall asleep between ya legs
I'ma make your beg
Daddy bring here
Wood on deck
Shawty you can get it here
Ladies stand up
Throw your hands up
Stupid fruity love
Cause baby this the anthem

[CHORUS 2x]

Five one, brown skin, itty bitty waist
110, long hair, with the baby face
Like Babyface
She got whip appeal

She ain't nothing but a stallion in stiletto heels
Can you picture that?
I tried to paint it clear
Space Age 6 bout to take us outta here
Swagg mixed with flavor
Don't you like my swavor
I'ma hit you right now then hit you later
I gotta foreplay with ya all night shorty
Straight put ya in the buck full dawg shorty
Ladies stand up
Throw ya hands up
Futuristic loving
This the anthem

[CHORUS 2x]

{talkin}Yeah
It's another one
Young L A
It's ya boy Puerto Rican
Figured we could like smoke something
You wanna get on my spaceship?
