### "Dead Elizabeth"

I remember the first time I lied to my mom  
Even though I was small then I knew I'd done wrong  
I thought I'd get away with it until my brother  
came into my room and told me that I;m  
Dead! Dead Elizabet!  
In so much trouble you'll live to regret.  
Dead! Dead Elizabeth!  
Busted!  
Mama's gonna kill you  
Nowadays I'm much older but still haven't learned  
I do so many things thinking I won't get burned  
Consequence has no meaning to me  
But sometimes late at night I can still hear my  
brother's voice
