I've got the timeless fuckin' breakdown

And my head is like a flapjack

Yeah, this is my timebreak

So, I'm gonna leave

Before your teeth gnaw my

snatches of sleep x2

Cuz when I sleep I can't get a grip x4

My head is like a flapjack

Yeah, this is my timebreak

Snatches of sleep are over

'Cuz you're standin' above me

Yeah, you're standing' above man

You wanna play - I shouldn't play

I gotta get the strength to put you

away fucka

This is your vapid style - this is a waste of time x4

My head is like a flapjack

Yeah, this is my timebreak
