Hey Mr. DJ this sounds fantastic
This champion sound is gonna kick your bucket
This is not boombastic cuz it's not plastic
You can ask the ghetto youth
They already know the lyrics
Mira como empieza la fiesta con mi champion sound
Como una metralleta-ta disparo mi sabor
Mis letras son la balas que agujeran al cabrn
Si quieren pelear en ganga aqui tengo mi escuadrn
This is the champion sound for the community
The room is filled up with smoke coming from my Sensi
Maximum respect to the New York Posse
Mad Lion, Rocker T
