The Earth, the Air, the Fire, the Water, the Spirit
returns...

Inside I'm finding
What's lost returning
You are the one; the one
That's taken over
I'm falling under
Your light is bright, tonight...

These five reasons pull on my heart
(The Earth is holding me closer)
These five reasons we've come this far
(It's like the Air that I'm breathing)
These five reasons we ebb and flow
(There's a fire between us)
These five reasons are all I know
(It's like I'm walking on water)
These five, these five reasons
These five, these five reasons

I'm a Spirit in motion...

Like kites we're flying
Entwined and soaring
You're mine this time; this time
Let's trace our shadows
We'll taste and borrow
The moon, the sun, the sky

These five reasons pull on my heart
(The Earth is holding me closer)
These five reasons we've come this far
(It's like the Air that I'm breathing)
These five reasons we ebb and flow
(There's a fire between us)
These five reasons are all I know
(It's like I'm walking on water)
These five, these five reasons
These five, these five reasons

I'm a Spirit in motion...
