It's pulling me... It's pushing me

It's a show within a show
It's a life within a momentary life
Have we got nowhere to go?
Hidden souls behind the mirror on the wall

It's pushing me under
It's pulling me over
It's killing me; killing you; killing me
It's pulling me under
It's pushing me over
It's killing me; killing you; killing me (it's me)

It's a light behind the glow
It's a place to hide the secrets to be told
Come inside the carnival
Come alive behind the mirror on the wall

It's pushing me under
It's pulling me over
It's killing me; killing you; killing me
It's pulling me under
It's pushing me over
It's killing me; killing you; killing me (it's me)
