One look in your eyes

I knew we two would always be together

And there are three little words that say it all

I love you

Never believed in love at first sight

But I believe what I'm feeling tonight

'Cause when I saw you across the room

I felt my heart going boom, boom, boom

I looked, I fell so hard

Girl I know you can tell that

I'm hooked on you, oh girl

You know I'm falling for you because

Chorus:

One look in your eyes

I knew we two would always be together

And there are three little words that say it all

I love you

Girl I realize

That I wanna be with you forever

So say those three little words I wanna hear

I love you

I was waitin' for a sign from you
Hoping you'd feel the same way, too
When you looked at me and smiled
My heart was goin' a thousand miles
I stopped, turned around, I tried
To keep my feet on the ground
As I stepped to you, we touched
I knew you were feelin' it too because

Chorus

I know it's written all over my face
And girl you can believe it's true
'Cause time could never erase
These feelings I have for you

Chorus
