Heaven of heaven cant you help me
First time I saw you girl
You turned me upside down
I cant stop thinkin bout ya
My head is spinning round
I got to find away
To get with you some how
Girl I'm so crazy for you
You know I want you now
And every minute
Of every single day
I'm dreamin of how it could be
And every night, before I go to sleep
I'm praying that soon you'll be here with me
Heaven, heaven oh heaven cant you help me
I looked in her eyes, now she's all I see
Heaven oh heaven cant you help me
I'm down on my knees please
Help me
Can't fall asleep tonight
I don't know what to do

I hold my pillow

But I wanna be holding you

And when I close my eyes

I only see your face

I know my happiness is only a kiss away

And every hour

Here in the dark

And every beat of my lonely heart

It tells me that I

Need to be with you

Heaven oh heaven what can I do

Heaven, heaven oh heaven cant you help me

I'll give her my love for eternity (for eternity)

Heaven oh heaven cant you help me

I'm down on my knees please

Help me

music break

Girl I'd do anything

If you were here with me

I'll give you anything you want

And anything you need

I never thought that I

Could feel the way I do

But now I know I wanna spend the rest of my life with
you

And every day

That we are apart
I'm saving this love here in my heart
And every night
Before I go to sleep
And praying that soon you'll be here with me
Heaven, heaven oh heaven cant you help me
I looked in her eyes now shes all I see
Heaven oh heaven cant you help me
I'm down on my knees please
Hea-heaven, heaven
