This culture tied to me  
Is too much for me  
Tied to me  
This culture is too cold for me  
These malls are too crowded, way too crowded

I don't want to be (a face in the crowd)  
The way I used to be (same old sound)  
I want to twist and shout  
I want to learn about  
I want to speak aloud

This future tied to me  
Is too much for me  
Tied to me  
This future is too cold for me  
This armpit of oil is too soiled for me

Times just another wasted time  
Times just another wasted day (right)

Just so you know  
Now it's time
