Still in bed, an hour past,
I'm drifting through the void.
A fallen star divides the skies
of divinity.

Taken on a journey,
and enlightened to the past,
and if I wake, if I wake,
will it embrace me?

Awoke at dawn to calm the storm inside of me.
Take my last breath as I fall into eternity...

Risen to an astral flight,
I wander through, serene with you.
Answers to the voices I hear,
In a Winter's Dream, a dream.

Empty minds still wait, I'm here.
Captured by light, my spirit rides through the night,
and if I dream to wake,
will it embrace me?

When the story fades and
when all is said done,
I can not wake, pray for daybreak,
will it escape me? Escape me, yeah.
Awoke at dawn to calm the storm inside of me.
Take my last breath as I fall into eternity...

Risen to an astral flight,
I wander through, serene with you.
Answers to the voices I hear,
In a Winter's Dream, a dream.

(Solos)

In a Winter's Dream,
I'll be there for you.
In a Winter's Dream, I'll be there.
I'll be there...

Risen to an astral flight,
I wander through, serene with you.
Answers to the voices I hear,
In a Winter's Dream, a dream.

Risen to an astral flight,
I wander through, serene with you.
Answers to the voices I hear,
In a Winter's Dream, a dream.
