In your time of dying don't call my name
so you see me as evil it's just the same

now you're cast in flames
Through the windows in my mind

twisted wings of paranoia
Absinthe and Rue

twilight runs through eyes of ignorance
Afflicted, addicted, and wicked
time closes near
you'll loom in fear
severed, endeavored in trial
Obsessing, possessing, confessing consumed by sin
Through the windows in my mind
injected, infected by venom that's searing your skin
now you're cast in flames
twisted wings of paranoia
Absinthe and Rue
twilight runs through eyes of ignorance

twisted wings of paranoia
Absinthe and Rue
twilight runs through eyes of ignorance
[Solo]
Absinthe and Rue
twisted wings of paranoia
twilight runs through eyes of ignorance
Absinthe and Rue

twisted wings of paranoia
twilight runs through eyes of ignorance
