Born from the light - journey into the moment,
delivered from thought and sky
He will be one, one with the land - Lord of wind and the
sea and the sands The one - The bringer of life
"All will bear a part of me - let this hollow shell set your
free to live as one"
Here we are - Children of Sun and Stars the first to
know and to understand Living by the Law of the Ages
prophets and sages - forging Utopia
Great Ptah - Khnemu - sacred priest of the Temple of
Ra and the keeper of truth Crystalline spheres, the
power of light, grant us keys to the stars and the
secrets of flight 'Five shall be as One'
"We unlock the mysteries of knowledge and
technology"
Here we are - Children of Sun and Stars the first to
know and to understand Living by the Law of the Ages
prophets and sages - forging Utopia
'We shall live forever, and cast out those less divine
Gods we will be - rulers of the sea - in our Grand
design'
Here we are - Children of Sun and Stars the first to
know and to understand Living by the Law of the Ages
prophets and sages - forging Utopia
