(5:48)

What's become of the world - the colors unfurl  
revealing a blackened haze Conditioned to fear the  
voice that we hear - calling an end of days Millions of  
souls under control like pawns to a king, led by a  
string, to the final hour

Oh - Empire of the Sea, Lords of technology that fell  
into the void Oh shall it be as it was before - a tragedy  
on every shore?

Is this the end of all we know - Innocence lost so long  
ago Woven in dreams - the darkest of schemes now  
takes hold of our destiny Decades of greed, plague,  
famine and war - we can't go on like this anymore living  
like fools - chaos will rule this eternal paradise

Death by design, altering birth - trends of the modern  
age the wisdom of life erased from the Earth - in a  
reckless rampage

Oh - Empire of the Sea, Lords of technology that fell  
into the void Oh shall it be as it was before - a tragedy  
on every shore?

Is this the end of all we know - Innocence lost so long  
ago Woven in dreams - the darkest of schemes now  
takes hold of our destiny Decades of greed, plague,  
famine and war - we can't go on like this anymore living  
like fools - chaos will rule this eternal paradise

Dies Irae, Dies Illa, Solvet Saeclum in favilla

Decades of greed, plague, famine and war - we can't  
go on like this anymore living like fools - chaos will rule  
this eternal paradise

Is this the end of all we know - Innocence lost so long  
ago Woven in dreams - the darkest of schemes now  
takes hold of our destiny Decades of greed, plague,  
famine and war - we can't go on like this anymore Lost  
in the Night - fading from sight - is this the final setting  
sun?
