Welcome to the Anarchy  
Enigmatic entity  
The grand illusion destitution  
Infecting one and all  
Forces they're oppressing me  
Lords of mediocrity  
An iron will shall break the steel  
Some will rise and some will fall  
Oh yes, we ride  
Through stormy skies  
Of fire  
Evil lies that mesmerize  
From the dragon's tongue they slide  
A fury lashes from the ashes  
Never losing sight  
Pounding down the wicked ones  
Tyrants now are overcome  
A final yell from hounds of Hell  
Rising we unite  
Oh yes we ride  
Through stormy skies  
The endless nights  
In the moonlight, we together  
We curse uncertainty and false desires  
We lift the mask  
And stand together one and all  
And when the flames grow dim,  
Look within  
Unleash the fire...  
A time will come when all will see  
In the end - its just a game  
Time will tell when all these things that have come to  
pass  
Still remain  
The endless nights  
In the moonlight, we together  
We curse uncertainty and false desires  
We lift the mask  
and stand together one and all  
And when the flames grow dim,  
Look within  
Unleash the Fire...
