Child of the oceans I am, walking on the waves  
Touched by a vision of love, her beauty recognized  
Stirring the pools, I silence and calm the tides to a  
glaze  
Elusive to me, progressions are now violence in  
disguise  
Chasing the morning star, wait for me...

Now I'm blinded, this vision I cannot see  
On a quest for light, and braving the seas  
I cannot see my future destiny

Ohh... the hunter looks at you with eyes to kill  
Praying for your life-the mighty rage against the still

For whom the God's destroy, they first make mad  
Receiving the sun, and falling like hourglass sand  
Child of the sea I am, in starlight I reside  
Glow silver and white, eternal and bright in the sky

On a quest for light, and braving the seas  
Chasing the morning star, wait for me...  
I cannot see my future destiny  
Now I'm blinded, this vision I cannot see  
Ohh... the hunter looks at you with eyes to kill  
Ohh... the hunter looks at you with eyes to kill  
Praying for your life-the mighty rage against the still  
Ohh...the hunter  
Praying for your life-the mighty rage against the still

Ohh...the hunter  
Ohh...the hunter  
I'm the hunter
