Unlock the doors of silence
scanning eyes turn into stone

pours the wine of hate and enmity
Helpless minds dance in circles
forever frozen within time

then stare into unlit serenity
Endless dreams are all encased in disarray
Through the eyes of time - I see

the breath of fate surrounds me
all the love and tragedy
and bring me to my kness

Through the eyes of time - I see
although my scars - they do
peace and false tranquility
run deep - right here I'll be

Blind visions summond me
scorned and scathed by the spirit's song
return under blackened skies

A shadow forbears warning
and falls into the black endless sea
reveals a rhyme, then descends

Endless dreams are all encased in disarray

Through the eyes of time - I see
all the love and tragedy
and bring me to my kness
the breath of fate surrounds me

Through the eyes of time - I see
peace and false tranquility
although my scars - they do

run deep - right here I'll be
Our inner strenghts will fill our needs
and heal the hearts that still bleed

[Solo]
all the love and tragedy
Through the eyes of time - I see
the breath of fate surrounds me
and bring me to my kness

Through the eyes of time - I see
peace and false tranquility
run deep - right here I'll be
although my scars - they do

Our inner strenghts will fill our needs
and heal the hearts that still bleed
