A tearless stare
encased by fear
like a thread my heart is torn
and ripped right from my soul
Suits in disguise then fades to red
with no control

brings a blackened sky to fall
while you grow old
and make you very cold

Gone without a trace (gone)
my heart you thrust a dagger
it's left me chained and bound
and left in tyranny
my life and dreams are shattered

Rapture or pain
you spill my blood and take my life away
all adversions still remain
rapture or pain
You've realized

you're not alone
they've took your breath of life
and left your mind to unfold
lifeless and cold
your searing face

Your thoughts erased
it's death you taste
it hides the scars of love
it's left me chained and bound
Gone without a trace (gone)

and left in tyranny
my heart you thrust a dagger

my life and dreams are shattered
Rapture or pain
you spill my blood and take my life away
rapture or pain

all adversions still remain

Rapture or pain
you spill my blood and take my life away
rapture or pain
all adversions still remain
