God like perfection
Reflecting these eyes
Reaching for my place
With stars on high

Damn for betrayers
Who twilight are fold
Hell on flame and I curse you all

There's no turning back
Falling deep into the sweep
Collapsing black

Fly with me forever high
And with these wings
We'll set the world on fire
Fly with me through scorching skies
You and I - The lie of lies

I'm the master of illusion
Master of sin
Two faced snake with this gelid skin
I will forsake you
Destroy and unmake you
With all my might
I will take you down

There's no turning back
Falling deep within the sweep
Collapsing black

Fly with me forever high
And with these wings
We'll set the world on fire
Fly with me through scorching skies
You and I - The lie of lies

Don't leave me
You need me
Only I know the way

Fly with me forever high

And with these wings
We'll set the world on fire
Fly with me through scorching skies
You and I - The lie of lies
