Seasons changing now - summer's come
and I'll be on my own
just bear another day

I'll try, just try another way
I have wondered - if I can turn back hands of time

but I really don't want you to stay
I don't know why my heart keeps calling,

I have my reasons to keep from falling
then cast me into shades of gray
Life's an endless stage - wisdom comes with age,
can't you see what mindless games we play

(So the end)
So the end is near - captured by the spirit in the wind
you keep calling out to me

I'll wee it through
I'll find my way
I don't know why my heart keeps calling,
I have my reasons to keep from falling
but I really don't want you to stay

[Solo]

then cast me into shades of gray
When the curtain falls - I'll hold my head up high
and curse you all
such vicious games we play

I don't know why my heart keeps calling,
but I really don't want you to stay
I have my reasons to keep from falling
then cast me into shades of gray
I don't know why my heart keeps calling,

but I really don't want you to stay
then cast me into shades of gray I have my reasons to
keep from falling
