"The Walls Of Babylon"

Down the place, come hell riders
Blood on ice resign breath
Consumed by this lust into battle
Staring down the lies of dead

Skies are mad with thunder
With the lightning fire

Invaders
Like Slayers
Calm down the freedom betrayers
Dark destroyer
Can't avoid or deny us

Forever on the dust
Bring down the walls of Babylon

Legions of lights
Beating down the Ma'am
Wings of war they pulverize
Wrath this my life
Feel the hatred

Crawling defying store the skies

Skies are mad with thunder
With the lightning fire

Flesh tearing
Blood pouring
The veils of one are returning
With conviction now addiction is king

Forever on the dust
Bring down the walls of Babylon

So you'll right step
Beyond the populous
God of Pain
In evil still

Casualty is a pride

I will never be a lord
A lord of war and war with myself

Skies are mad with thunder
With the lightning fire

Earth shaken
Outbreaken
The hands of fates annulated
One by one the stars are falling

Forever on the dust
Bring down the walls of Babylon
