We know each other for so long
your friend I adore compromise
but you really show my insecurity
you are my nervous inside
that stuff is believe my hand
say everything ok
there no reason to be scare

Over and over
you tell me how much you care for me
over and over
you hold me
like lover do
now over and over
I wonder will my moment loss
will you stay be here

as I lay beside you
will quiver look to my face
was this real
I was fool myself
did I make mistake
as you gentle sleep
I can do stay
when some wake through
when will you do

Over and over
you tell me how much you care for me
over and over
you held me
like lover do
now over and over
I wonder when I moment comes
will you stay be here

when you wake
when you stay feel the same
please make me feel like this all in vein
cause I given you my precious
I give all to give
