(Intro 0:00-0:55)

(0:55)

Behold the night
Welcome back to the rain
Our sun our lifes, our will of fire,
Fade away, show me the land of fate,
Your home, your life, your will of fire.
Inside my heart (Inside my heart)
Cold as the wind.

(1:26)

(1:51)

See within all my life pass by
My love, my pride, my will of fire,
From high tide touch the sun.
My sun, my life, my guide through the night.
Inside my heart (inside my heart)
Cold as the wind

(2:21)

(2:24)

Why wont you shine, its you and me tonight,
A long journey home.
To the land of the midnight sun.
Why wont you shine ?
Its you and me tonight, a long journey home.
To the land of the midnight sun. (3:11)

(3:22)
