Paris hearts
All line the boulevard
She shows her hand and says
Please take a card

Bouquets and la-ace
Femme fatale fa-ace
She breaks the hearts
Along the boulevard

But beggars buy love
On the boulevard
Red light stains the stairs
And life is hard

God only know-ows
It never pay-ays
'Cause they all die young
On the boulevard

Beggars buy love
On the boulevard
Red light stains the stairs
And life is hard

God only know-ows
It never pays - pays
They all die young
On the boulevard
