Following the path as it leads towards the Darkness in
the North

Weary strangers' faces show their sympathy

They've seen that hope before

And if you want to stay for a little bit

Rest your aching limbs for a little bit

Before you the night is beckoning

And you know you can't delay

You hear the night birds calling you

But you can't touch the restless sky

Close your aching eyes beyond your name

Mist is swelling, creatures crawling,

Hear the roar get louder in your ears

You know the folly was your own

But the force behind can't conquer all your fears

And if you want to stay for a little bit

Rest your aching limbs for a little bit

Before you the night is beckoning

And you know you can't delay

You hear the night birds calling you

But you can't touch the restless sky

Close your aching eyes beyond your name

Throw your thoughts back many years

To the time when there was life in every morning

Perhaps a day will come

When the nights will be as on that morning

And if you want to stay for a little bit

Rest your aching limbs for a little bit

Before you the night is beckoning

And you know you can't delay

You hear the night birds calling you
But you can't touch the restless sky
Close your aching eyes beyond your name

In P. Floyd, "Ummagumma", "Set the Controls ..." there
are also some
mistakes and some parts where I believe the words to
be different than
what is shown. I am going mostly by the version on
"Pink Floyd Live at
Pompeii" in which the words are much clearer than the
album version(albeit
still a touch muddled in a place or two
