It's a misery to see what this  
Has become, Without me by your side  
Can you stand for your shallow words  
Well I guess not  
But I'm giving you the chance

The truth hidden under a ceiling  
To protect it from the heavy rain  
I've always been that shadow  
That followed you  
Everywhere you go

I've been counting the days of  
Meaningless waiting  
For you to prove it all

I can see those eyes  
I'm blinded by the lights  
Waiting for the hourglass to crush

My heart's been false in many ways  
But I know that one time I was right

I've been counting the days of  
Meaningless waiting  
For you to prove me wrong

I can see those eyes  
I'm blinded by the lights  
Waiting for the hourglass to crush  
Try harder to pull through  
The only thing I hope  
Is that tomorrow will bring me the truth

Embrace your love  
If it's far away  
Embrace your love  
If it's far away

If it's far away!

Embrace your love  
If its far away  
Embrace your love  
If its far away

I can see those eyes  
I'm blinded by the lights  
Waiting for the hourglass to crush  
Try harder to pull through  
The only thing I hope  
Is that tomorrow will bring me the truth

Embrace your love  
If its far away  
Embrace your love  
If its far away
