I can't wait cause we've got a date  
Tonight we're making a scene  
She's an uptown girl, I'm a downtown boy  
With plenty of dreams (plenty of dreams)  
Her friends all say she's made a mistake  
She tells them I'll take my chances  
She's knows that I can't dance  
But I can surely sing a song of romance  
Some people need a world of, of gold and pearls  
My wealth is all in passion  
And maybe to some girls these clothes I wear  
Just maybe out of fashion  
No I'm not debonaire like fred astaire  
But my baby don't care  
She says just come as you are baby

Just come as you are baby  
You're my superstar  
Made just for these arms  
I want you just the way you are

It's just my fate to have expensive tastes  
And not a penny to spare  
I just don't know why she wants me  
Cause she's much more than my share  
She says take a look inside  
And you'll realize a book's more than the cover  
And so the saying goes, you never know  
Just what you will discover  
What pages you will turn until you learn love is all that  
matters

Just come as you are baby  
You're my superstar  
Made just for these arms  
I want you just the way you are

Just come as you are baby  
You're my superstar  
Made just for these arms  
I want you just the way you are

Ahhhh baba

Some people need a world of, of gold and pearls  
My wealth is all in passion  
And maybe to some girls these clothes I wear  
Just maybe out of fashion  
No I'm not debonaire like fred astaire  
But my baby don't care

Just come as you are baby  
You're my superstar  
Made just for these arms  
I want you just the way you are

Just come as you are baby  
You're my superstar  
Made just for these arms  
I want you just the way you are
