(Verse 1)

Look in my eyes, and tell me you don't want me
Oh, baby just touch my hand, and tell me you can't no no
Don't just walk away, no no
When we took so much love to make it
For just another day, I'll do anything to make you stay

(Bridge)

So babe, do what you promise me
When promising can't stay with me, but now I'll see
that promises can break

(Refrain)

Oh...Promises Can Break
Oh....Promises Can Break

(Verse 2)

Baby, last night was our imagination
Don't let it slip away, we've only just begun
Baby, I can understand, if you got someone else to be
your man
Baby, what you're runnin' from, if you're sayin' that I'm
the only one

(Bridge)

So babe, do what you promise me
When promising can't stay with me, but now I'll see
that dreams can slip away

(Refrain)

Oh...Promises Can Break
Oh....Oh, Promises Can Break

(2nd Refrain)

Oh...Promises Can Break
Oh....Promises Can Break
Oh.....dreams can slip away
Oh.....Promises Can Break
Oh...Promises Can Break
