The movie's over, baby  
You don't seem to hear a word I'm sayin'  
We're hypnotized losing control of our lives  
We thought we had it made  
Yes, we're in dancer, baby, we promised to never be  
tamed  
But words are spoken so often in vain  
And silence causes pain  
So baby, save me, I've fallen in too deep  
Oh baby, save me pray tonight my soul to keep  
Save, save me  
Let's think this over, baby  
Because I'd hate to see us make a mistake  
Always easy to stay every night when you turn off the  
lights  
It's getting deeper now baby  
I'm in water up to here with you  
This river's rising, tell me when did it start  
To take away this heart  
So baby, save me, I've fallen in this too deep  
Oh baby, save me, pray tonight my soul to keep  
Save, save me  
I got caught n a wave about to beswept away  
Save me  
Cause I'm feeling no pain, It's making it so hard to say  
Save me, I've fallen in this too deep  
Oh baby, save me, pray tonight my soul to keep
